FleetCare™

Powerful protection for worry-free fleet management.

Announcing CASE FleetCare™, the most complete factory-provided heavy machinery support in the industry for fleet contracts. With FleetCare, you get the peace-of-mind of a full-machine warranty and the advantage of CASE SiteWatch™ telematics – standard*. Best of all, FleetCare protects equipment for up to three full years, so you know we've got you covered. It's support for your equipment, it's backup for your business, and it's only from CASE.

3K

3-YEAR/3,000-HR. FULL-MACHINE FACTORY WARRANTY* **We've got your back.**

The FleetCare package starts with industry-leading, comprehensive warranty coverage that frees you to use your CASE equipment like it's meant to be used. So don't hold back, go big. We've got you covered.

- Industry-leading, full-machine coverage
- Uptime assurance
- Worry-free operation

3-YEAR ADVANCED SITEWATCH™ SUBSCRIPTION **Remote. Control.**

Break the boundaries of machine management with CASE SiteWatch telematics. Get real-time performance metrics, idle-time analytics, scheduled maintenance intervals and programmable security alerts sent to any computer, anytime, anywhere.

- Machine tracking
- Maintenance reminders
- Customized reporting

*CASE FleetCare comes standard on select 2018 new heavy machine orders. See CNH Warranty and Limitation of Liability for complete terms and limits of warranty.

SITEWATCH TELEMATICS™

Run your operation from any location.

CASE FleetCare includes an Advanced subscription of CASE SiteWatch telematics – the ultimate in remote fleet management. SiteWatch enables you to monitor and manage multiple machines from your office, wherever that may be. No more manually tracking down engine hours and operation vitals. Get necessary details like machine status, location and utilization data remotely sent to you in real time, all the time, to keep crews accountable and projects running efficiently.

SiteWatch Advanced Subscription Features

Fleet Management

Locating and pinging machines for project management

Machine hour reporting

Planned Maintenance

Plan and prepare for maintenance intervals (ordering parts, scheduling)

Security

Geofencing: Real-time notification of unplanned movements

Curfew

Utilization Analysis & Reporting

Reporting: machine run times, idle time vs. operation, travel time, machine utilization by location

Performance Analysis

Engine load data to compare machines and operators to identify operation trends

Fuel Information & Reporting

Fuel rate and consumption data to track fuel use of one machine or for a fleet

Machine Health Parameters

Track machine operating characteristics: Temperatures, pressures, alerts for out-of-range parameters and CAN-bus parameters for diagnostics and troubleshooting

See SiteWatch
in action:

Leverage information across a mixed fleet.

SiteWatch Telematics™ uses a standard AEMP API (Application Programming Interface). Data is provided from the CASE telematics server directly into a back office business system of your choice within a standardized format. Once available, CASE equipment data can be consolidated with other equipment data. Your system then provides a single location for mixed fleet data review and analysis. Sample data available in this format can include: GPS Location, Cumulative Operating Hours, Fuel Consumption, Distance Traveled.

- Save time by accessing mixed fleet standard parameters.
- Review operation data with consistent reports.
- Eliminate manual data transfer and potential user errors with automatic downloads.

Unmatched coverage. Unequaled peace of mind.

Only CASE FleetCare offers a 3-year/3000-hour full-machine factory warranty* and a 3-year SiteWatch Telematics™ Advanced subscription on your heavy equipment purchase.

*See CNH Warranty and Limitation of Liability for complete terms and limits of warranty.
